

Technical _____ Product Manager

 100% immediately (all genders)

YOUR NEW COMPANY

Sintratec is the leading Swiss developer and manufacturer of precision 3D printers for professional use. We are a motivated team with the goal to revolutionize industrial manufacturing. [Find us on YouTube](#) and [get to know the team in a short video!](#)

YOUR NEW TASKS

As a Technical Product Manager, you will be responsible for:

- **Product Portfolio Management:** Oversee the company's product portfolio, including introducing new products and making necessary changes to existing ones.
- **Product Data Management:** Handle the creation and maintenance of product data, ensuring accuracy and completeness.
- **Cross-Departmental Coordination:** Act as the main point of contact and coordinator between engineering, production, service, and sales teams within the context of Product Lifecycle Management.
- **Supplier Sourcing:** Identify and establish relationships with 2nd and 3rd source suppliers for critical components, ensuring continuity and growth of the product portfolio.
- **Product Lifecycle Management (PLM):** Take charge of leading the Product Lifecycle Management process, ensuring seamless coordination among various departments.
- **Market and Competitor Analysis:** Conduct thorough market and competitor analyses to identify opportunities and develop strategies that highlight our product differentiation.

WHAT YOU BRING

- College degree in engineering, business administration and/or technical product design
- Strong experience in an environment where products are developed, produced and marketed
- Highly effective cross-functional team management skills
- Experience preferably in all areas of product lifecycle management
- Very good German and English language skills

WHAT TO EXPECT

At Sintratec you will find a dynamic and innovative environment that recognizes your achievements. An unbureaucratic atmosphere ensures short decision-making processes and offers you room for interesting and varied tasks. You will have the opportunity to actively shape the future of the company and we will promote your personal development.

☆Flexible working hours and home office

☆Centrally located

☆Employee discounts at numerous stores
